QUALIFICATION SUMMARY

Video Editor with 5+ years of experience in broadcast and high-end post-production. Deep experience across the full post pipeline, from offline edit through final delivery in Premiere Pro and After Effects. The work spans broadcast and social formats, and every deliverable gets the same level of attention regardless of scale. Comfortable in fast-paced, high-volume environments where the craft standard never drops.

KEY SKILLS

Adobe Premiere Pro | Adobe After Effects | Adobe Media Encoder | Avid Media Composer | DaVinci Resolve
Motion Graphics & Animation | Color Correction | Sound Mixing & Audio Sweetening | Technical QC & Delivery

PROFESSIONAL EXPERIENCE

Senior Video Editor

Dec 2024 – Feb 2026

CBN (Christian Broadcasting Network) | Virginia Beach, VA

Edited national broadcast content across multiple concurrent shows, working closely with producers from rough cut through final master on both broadcast and social deliverables.

- Edited feature stories alongside producers, contributing creative perspective on pacing, narrative structure, and overall story flow from first cut to delivery.
- Reformatted long-form broadcast segments into short-form social content, recutting pacing and reframing for platform-specific aspect ratios without losing the story.
- Color corrected and mixed audio on high-volume concurrent deliverables, keeping visual and sonic quality consistent across tight turnarounds.
- Handled all final export and delivery through Adobe Media Encoder, encoding broadcast masters and platform-specific files to precise technical specs every time.

Syndication Mastering Editor

May 2022 – Apr 2024

Roundabout Entertainment Inc. | Burbank, CA

Handled post-production mastering for Disney and Sony across multiple seasons of network television, responsible for global broadcast compliance and delivery integrity.

- Delivered multi-season television packages for Disney and Sony, meeting strict broadcast standards and client specifications across high volumes without error.
- Managed large-scale media libraries across concurrent season deliveries, keeping assets organized and version-controlled throughout.
- Ran ingest, processing, and final delivery pipelines using Tachyon Wormhole and Avid Media Composer, keeping complex workflows moving on schedule.

Film Editor

Dec 2023 – Feb 2024

Nebuchadnezzar (Short Film) | Burbank, CA

- Joined pre-production discussions to help plan shot structure and narrative flow before cameras rolled.
- Cut raw footage into a tight narrative edit in direct collaboration with the Director, refining pacing and story through multiple passes to reach the final cut.

EDUCATION

Bachelor of Science, Film Production and Content Development | Minor: Graphic Design

Liberty University — Lynchburg, VA
